Recommendation for CGI Development, Inc.

We would gladly recommend CGI Development, Inc. as a General Contractor to other potential clientele. We found them to be professional and courteous to work with as well as true to their word in staying within the promised budget and time lines given for completion of work.

We are very pleased with the outcome of our office remodeling project they completed for us and would definitely work with them on future projects.

Sincerely,

A handwritten signature in cursive script that reads "John Sheffield".
